The New York Times

Opinion
How to Get the Most Out of College

They're privileged, pivotal years. Navigate them with as much care as you did the path that got you there.

HOW TO CONNECT WITH TROOST ILEAD**

Learn more at ilead.engineering.utoronto.ca.

Leadership Labs
Kick-start your leadership journey here! Drop in on practical workshops geared towards your personal and professional development.

Club Leaders Support
Get tailored workshops, support on a specific problem or initiative, or a crash course on improving your confidence and effectiveness as a club leader.

ILead: Grad
Give your MEng, MASC, or PhD experience an edge by joining this graduate student-led group focused on skill and social development.

OPTIONS
Explore diverse career options with a group of fellow PhDs and post-docs. Clarify your ambitions to guide and empower your job search.

FIELD Summer Program
Take part in hands-on workshops on personal growth and career preparation over the summer. Field trips included!

SHIFT
Start a project, compete in a challenge, or attend workshops to expand your perspectives on the complexities of societal change.

Summer Fellowship
Join a tight-knit group of student leaders who'll push each other to become even better at driving change in their clubs and teams.

Student Team
Join a dynamic team of students to deliver leadership opportunities to your peers. Uncover your personal potential along the way.

Academic Courses
Gain extraordinary insight into who you are and who you can be through our 14 for-credit leadership courses. Courses are eligible for the Engineering Leadership Certificate, Engineering Business Minor, and Emphasis in ELITE.
