

Program Details and Application Guide for JUACEP Partner Universities Students -- JUACEP Summer 10-week-course from June to August 2019 --

Overview

The course sponsors students from University of Michigan, UCLA and University of Toronto, allowing them to conduct research activities at Nagoya University.

Number of students

5-8 graduate students and senior undergraduate students from each university. (Number is subject to change.)
See **Eligibility** for more details.

Activities

- Conduct research at Nagoya University research laboratories (2 or 3 credits)
- Special lectures for the program
- Plant tour
- Optional Japanese class (1 credit)

Dates & Deadlines

Program period: **June 18 – August 30, 2019 (June 17 Check-in and August 31 Check-out)**

Application deadline: **March 14, 2019**

Notice of acceptance: **March 25, 2019**

Decision date: **March 30, 2019**

Due date to find the host professor: **April 12, 2019**

How to apply

For students of UCLA... Send following documents directly to juacep-office@engg.nagoya-u.ac.jp

For students of Univ. Michigan and Univ. Toronto... Submit following documents locally to your home University.

Please inquire to the coordinator of your home university...

Coordinator of UCLA: Prof. Jenn-Ming Yang <jyang@seas.ucla.edu>

Coordinator of UM: Prof. Katsuo Kurabayashi <katsuo@umich.edu>

Coordinator of U of T: Prof. Shaker A. Meguid <meguid@mie.utoronto.ca>

1. Application form... downloadable at "[Downloads](#)"
2. Enrollment certificate
**Note: "Registrar" or any equivalent office at your department should sign this.*
3. Latest academic transcript
**The transcript should include Fall 2017- Spring 2018 records. Applicants, who have enrolled in 2018 year and do not have records of Fall 2017- Spring 2018, should submit Fall 2018 to present records.*
4. Student ID copy
5. Passport copy (photo page)
**Applicants who do NOT possess a passport at the time of application must send a copy to juacep-office@engg.nagoya-u.ac.jp by E-mail as soon as obtaining.*
6. Headshot photo (JPG format with adequate pixel size for 3cm-width x 4cm-height)
**Face photo only shows the applicant him/herself alone clearly, and he/she must face the front without any head coverings such as caps, sunglasses etc. It has no background and shadows and is taken within 3 months prior to submitting.*

Eligibility (All following conditions must be satisfied.)

- (a) Graduate student who will continue study/get degree(s) at the home university after the program, or Senior undergraduate student who pursue the master's degree program at the home university after the program.
- (b) GPA must be greater than 3.0/4.0
- (c) Person who can enter and stay in Japan during the whole duration of the program without visa, or who are eligible to get Japan's short-term stay visa.
- (d) Person who for sure re-enters to the country of his/her home university after the completion of the program.
- (e) Person who carries a medical and accident insurance covering through the program period in Japan.

How to find your host professor

You are expected to find your host professor for the independent research by yourself. Go to [Engineering Department, Nagoya University](#), and check out the researches at Nagoya University. Once you found research theme(s) in which you are interested, get in touch with the corresponding professor(s) and ask him/her if he/she accepts you as a JUACEP visiting scholar (please refer JUACEP). Though you do not have to fix the host professor with his/her approval by the application deadline, we take it into account at the selection of students.

Course credits

Enrolled students can earn the following credits at Nagoya University.

- (a) International Research Project (2 credits for UCLA and U of T, 3 credits for UM)
- (b) Optional Japanese class for beginner level (1 credit)

Participants will receive a certificate from Nagoya University upon completion of the course.

Scholarship

Selected students may be able to get a scholarship (monthly 80,000 JPY, approximate 730 USD) unless they (will) receive the following scholarship(s);

- (a) Japanese Governmental Scholarship
- (b) Scholarship more than 80,000 JPY/month awarded particularly to participate in JUACEP program from other organization.

Out of pocket expenses

- (a) Passport
- (b) Visa..... The short-term stay visa is required depending on the participant's nationality. Single-entry visa will be issued. → [Japan Immigration Information](#)
- (c) Round-trip air ticket
- (d) Dormitory fee from June 17 to August 31: 80,000 JPY at most, incl. bed linens and Internet
- (e) JUACEP participation fee: 10,000 JPY
- (f) Campus Personal Liability Insurance: 1,340 JPY
- (g) JUACEP research internship tuition: 29,600 JPY/2credits or 44,400 JPY/3credits
- (h) Japanese class tuition: 14,800 JPY for those who will take the Japanese class
- (i) Japanese textbook: 3,780 JPY for those who will take the Japanese class
- (j) Other living expenses like utilities, meals, local transportation and personal cost will vary by individual.

Others

- Program brochures for UCLA and UofT.
- You may also check [the past participants' voices](#)
