

MIE - H&S - 12 - Accident Reporting

Accident Reporting

Accident reporting is critical to meeting the Universities' oversight and legal obligations. **Supervisors** must fill out an Accident Report form for all accidents, incidents or occupational diseases that are reported to them. For guests, students and contractors, the Risk Management form should be used.

Please read information at the [University EHS web site](#), then return and proceed to take the test for this section.
